

## Catching Up With Coleman

May 4, 2017

Volume 1 Issue 2

### Hello, Key Clubbers of Division 18

I hope all of you have had a good week. I know most students are ready to get out of school for summer break. That is a great time to fundraise for Children's Hospital and work on service projects, so I encourage all of you not to stop once school is over! We are almost to our District Project goal of \$3,000 thanks to Monroe Academy's Key Club so go ahead and start planning those fundraisers and getting them approved!

Please try to elect new officers before the end of the year. If you cannot, that is okay, but send me the new officer information as soon as you do so that I can begin training them and keeping them up to date!

International Convention is approaching us. The down payment is due May the 9th and the final May the 20th. So, if you plan on attending, let me know!

I am looking forward to a great year with all of you!

Yours in caring service,

*Makayla Coleman*
