Lieutenant Governor's Address

Hello, Division 8! It is so good to be back with all of you, although I guess I never left! Our division is truly so great, and so very capable of accomplishing so many great things! My goal this service year is going to be to serve you and your clubs the very best I can. If there is anything I can do to better serve you, please let me know. We have a great year of service coming up. When your club holds fundraisers or plans a service project, please let me know. I would love to come and support you! That is what I am here for: support.

**Yours in Service,
Hollen Terry
Lieutenant Governor of
Division 8**

CHARACTER BUILDING

leadership

Fun Fact: Did you know that you can find a virtual copy of our monthly newsletters in the link in our Instagram bio?

Key Leader

Key Leader, **April 21-23**, is a weekend experience in leadership, growth, personal development, fun and friends. It's open to everyone - including 8th-12th graders! You don't even have to be a Key Club member to attend! Anyone who has gone before will tell you that it's a powerful weekend where students make a bunch of new friends and learn amazing things about their ability to lead and make a difference. If this sounds like something you'd be interested in being a part of, sign up! I would love to help you talk to your Kiwanis club about scholarships and help you sign up. Tell your Key Club officers, friends, and especially people that aren't involved in Key Club.

The Youth Opportunities Fund

The Youth Opportunities Fund (YOF) is a grant given by Key Club International. The grant is designed to give Key Clubs and Key Club members the ability to be creative in the way that they serve their homes, schools, and communities. The grant application must be sent by October 15th, 2017. That's plenty of time for you and your clubs to be thinking of new ways to serve! If your club has had some good ideas in the past that you were unable to fulfill due to monetary restrictions, the YOF is your chance to make that service project happen. The grant request can be granted in the amount of \$100-\$2000, so apply to make change happen!

District Project

Just like last service year, our District Project will be raising money for Children's Hospital of Alabama. Our goal is \$60,000, and I know we can help contribute to that goal as a division! The money we raise has been and will continue to be used for adding units to the Neonatal Intensive Care Unit (NICU) for premature babies and for helping more people with kidney diseases get the dialysis treatments they need. Please plan at least one fundraiser for Children's this year.

Your Lt. Governor, Hollen, with some of our other LtG's!
